

Stage 3 Water Conservation

Tofino is experiencing a drought that has triggered water conservation measures, in an effort to delay further restrictions. Every drop counts.

All outdoor water use is prohibited during Stage 3:

- No pressure washing or boat washing
- No vehicle or bicycle washing
- No landscape, garden, lawn or food plant watering
- No window washing
- No hot tub or pool top ups or fill ups
- No outdoor showering

Rainwater catchment and greywater use is encouraged where possible. Check public health guidelines first.

To report an issue or submit a formal complaint, call 250-725-3229
